

It is time for change! Green and Clean

Product Bulletin

NuPower™ 501

Concentrated, Heavy Duty Green Cleaner

Are you ready for a new concept in cleaning? Do you want a product that is Safe? Ecologically Green? and better at cleaning?

NuPower™ 501 is novel technology that will fully replace caustic-based or solvent containing products. And that equates to improved safety and less impact to our environment.

The NuPower™ 501 will readily dissolve grease, oils, dirt, inks, exhausts, and residues.

Advantages and Benefits

- Penetrates and dissolves tough deposits so that surfaces can be free-rinsed with water, without the need of hand scrubbing.
- Formulation contains NO SARA 313 ingredients, NO OSHA Hazardous ingredients, and NO chronic health additives.
- Non-Flammable and non-combustible solution allows for the cleaning of equipment and surfaces that could not be cleaned using solvent based cleaners.

- Offers versatility in replacing detergents and solvent products at concentrations that are more cost effective.

- Environmentally friendly product is completely biodegradable and does not contain hydrocarbon solvents.

- Stable formulation, will not degrade or separate like generic soaps.

Applications

NuPower™ 501 is designed for heavy duty cleaning in industrial and commercial facilities: Food Processing, Pulp & Paper, Plywood Manufacturing, Aircraft & Railroad Maintenance, Heavy Equipment, and Auto Shops.
