FinClean™

Maximum Strength, Non-Hazardous Fin Fan Cleaner

Features

FinClean™ is a safe, powerful and concentrated cleaner with no hazardous or flammability concerns. The product will replace caustic-based or solvent containing products without leaving residual or streaking. The FinClean™ will readily clean grease, oils, and dirt leaving a clean, optimum heat exchanging surface.

Advantages and Benefits

The FinClean™ competitive edge:

- Penetrates and dissolves tough deposits so that surfaces can be free-rinsed with water, without the need of hand scrubbing.
- Non-hazardous formulation does not contain hazardous ingredients or suspected carcinogens. As with any industrial cleaner, protective gloves and eye wear should be worn.
- Non-Flammable and non-combustible solution allows for the cleaning of equipment and surfaces that could not be cleaned using a citrus based or solvent based cleaners.

- Offers versatility in replacing caustic based detergents and solvent products at concentrations that are more cost effective.
- Environmentally friendly product is completely biodegradable and does not contain Butyl Ethers. All cleaning residues should be disposed of in accordance with local, state, and federal laws and regulations.

Applications

FinClean™ is designed for heavy duty cleaning in industrial and commercial facilities: Refineries, Petrochemical, Pulp & Paper, Plywood Manufacturing, and Auto Manufacturing.

- High temperature stable, will not degrade unlike generic soaps.
